Registration No. 1930

Mrs. Ed Schrader looks a little dubious about the humor of being a "corny" queen, as she accepts her gift, a souvenir corn gest hat from Ernie Jamison, M.L.A. King of Corn, Richard Lafleur gets a corn cob pipe.

Public schools to stick with present busing policy

Trustees again discussed transportation at last Monday's meeting of the St. Albert public school board.

The board met in committee Saturday morning with a delegation of parents who had petitioned the board to provide bus service to young students from the Grandora Crescent and vicinity area, who are attending classes at Albert LaCombe.

Because these children live within the 1 1/2 mile boundary, the district does not bus them to the school.

Reporting on the Saturday meeting, Don LaBelle advised the board that the district was able to secure a bus for the children in question, at a cost of \$5 per child per month. Costs to be borne in total by the parents.

Vince Maloney, district superintendent, said that he has since been advised by a representative of the parents that the group had been unable to obtain a sufficient number of participants and had therefore decided it was not feasible for them to pursue the matter further.

"Some families have four

or five kids going to that school and that is quite a bit of money," Mr. LaBelle said. Jack Flaherty suggested that when the board considers the matter of busing again, "maybe the emphasis should be placed on the younger kids."

"In other words," he explained, "maybe we should be busing more smaller kids, lowering the existing 1 1/2 mile limit for them, and get the senior high students to walk. A two mile walk should not be too much of a hardship for them."

Mr. Maloney pointed out that the school act clearly states that all students living more than 1 1/2 miles from the school they are required to attend, are to be provided bus transportation. "This is not something we can just change," he added.

The bus committee of the board will meet next month, at which time the bus situation will be completely reviewed. In the meantime, the district will operate under, and adhere to, its existing policy.

"We must be fair to all students," Dave Fraser commented. While the board agreed to attempt a "juggling act" with the bus sche-

dules, which could affect school hours, Don LaBelle noted that the board must provide "the best service for the majority."

The board carried a motion to make a submission on the district's busing problem to the minister of education; voted in favor of presenting an emergency resolution in respect to the mileage boundaries to the ASTA convention later this fall and agreed to approach the town in regards to having the walkways kept clear as much as possible during the winter months.

Peanut Night

Good grief, the Peanuts gang is at it again!

Cans of freshly roasted peanuts

This evening, have your porch lights turned on and welcome the Kinsmen when they call! This is the annual Kinsmen Peanut Night. Help the Kinsmen help the Kiddies.

Corn Fest to become an annual event

Talk about CORN! Pure undiluted corn, such as the poem composed and delivered by Jake Joly in a corn-cob hat - or long, fat, juicy sweet cobs, rolled in butter and sprinkled with salt, making the mouth water for more. They had it both ways Sunday week, on the grounds of the church on the hill.

A goodly number of families went through the corn-stalk gate, leaving their names with two young ladies, who managed to look charming in baggy grey overalls, with over-size freckles and pigtails.

Although the weather turned somewhat unfriendly by four o'clock, cheerful bonfires, music by a five-man rock group and the enticing smell of corn and roasting wieners, put everyone in a festive mood.

When the crowd had a chance to recover from emcee Joly's poetic effort, M.L.A. elect, Ernie Jamison was called upon for his first official task - the crowning of the King and Queen of Corn. Drawing from the box of names left at the gate, he named Mrs. Ed Schrader as Queen and placed a crown

upon her head, after which she was wrapped in a gunny-sack robe and handed a sheaf of greens by a young attendant. Richard Lafleur was crowned and robed as King Corn, and the royal couple paraded through the crowd, while the band struck up a lively tune.

Father Joly was assisted by Fathers Levangle and Duchesneau and various men and women of the parish, but particularly by the young people, who clearly played a major part in the first annual parish corn fest.

Six to contest BA election

Village secretary Archie Jenkins reports six candidates have filed nomination papers for the October 13 civic election.

Contesting the three council seats are incumbent Elmer Brennan and newcomers to the political scene Jim Nicholson, Carney Regadoren, Russ Lampkin, Bill Deedman and Hugh Allen.

The three successful candidates will appoint one member of the council to act as mayor.

Election will be held Wednesday, October 13 at the Bon Accord village office from 10 a.m. to 8 p.m. A list of electors will be posted.

Slave Auction

Is your filled-to-overflowing ironing basket getting on your nerves? Every time you go down in the basement are unpolished shoes staring you in the face? And you say you just don't have time to pull those dead, wilted annuals out of the garden?

Is that what is troubling you?

Well, keep smiling. . . help is on the way.

On Saturday, October 2, Sing Out St. Albert, a group of exuberant youngsters, hope to be conducting a slave auction at the clubhouse on Grenfell Avenue, from 11 - 5. Over-worked homemakers, and fathers who could use a free weekend will be able to "buy" a young adult to attend to household chores, gardening and babysitting.

Proceeds are for the autumn show the Sing Out St. Albert group is planning for later this year.

Do yourselves a good turn and assist this fine group of young people at the same time. On October 2, Buy a Slave!!!

Dennis Rosin, 4, views with awe the g'ant puff ball, found on the Ray Worms farm by Leonard Bokenfor of Cardiff. The puff ball weighed almost 12 pounds and measured over 24 inches across. And that's a lot of puff!

The Poulot sisters of 29 Mount Royal Drive know all about paper pollution. Lucille, 3 1/2 and Pauline, 7, were caught by the Gazette photographer, stuffing waste paper in the salvage bin which was located on the RC church grounds all last week. The paper will be recycled and the local girl guiders will get the proceeds. Watch the Gazette for dates when the paper bin will come to town again.

Guides enjoy bike trip to Elk Island

Several guides from the 7th St. Albert Company and two of the guides cycled to Elk Island Park on the weekend of Sept. 11 - 12.

The company had worked on their cycling badge through spring and summer. After having passed tests, including safety knowledge, riding technique, bike maintenance and endurance, the guides were treated to a cross-country trip to Elk Island.

They left early on Saturday morning and cycled to Fort Saskatchewan, where they stopped for lunch. Then on to the Park, another 17 miles away. Once there, the girls set up camp and did proper justice to the spaghetti prepared for the group by Joan Brunner, the Lieutenant.

Early next morning the

group broke camp and set out for St. Albert. They battled headwinds all the way, with gusts up to 25 miles per hour. After a little over four hours the tired girls gladly accepted a ride the rest of the way home. The trip to the park took 6 1/2 hours.

Assisting as circuit riders were several people in a van who met the girls at pre-determined points with cold drinks. One girl "doubled" another guide for more than nine miles, because her bike broke down. Other than a few minor mishaps the event went well and captain Pat Engel, who organized the trip, said the company plans to make this an annual part of its program.

"We are very proud of our girls. One of the trippers has just turned 11 and did a great job."

Some of the participants in the bike trip to Elk Island Park are Bonnie Engel and Leanne Madsen (seated), Denise Brunner, Joan Brunner, Pat Engel, Terrie Jo Anderson and Theresa Gullberg.

Local chapter AARN invites new members

With the formation of a new executive of the St. Albert Chapter of the Alberta Association of Registered Nurses, many plans are in the offing to meet the program interests of the membership.

To begin the new season, the first meeting will be held at 8 p.m. on Wednesday, Oct. 6, in the lecture room of the St. Albert public library.

Miss Beswetherick, who is the assistant professor of nursing administration at the University of Alberta, will speak in regards to "Current concerns in nursing education."

At the annual meeting, an election for president was held. Rachel Paton, terminating two years of service as president of the Chapter, was succeeded by Ruth Elyford.

The executive was encouraged to include the program and planning committees, to ensure a better representation

of the members for more effective programming.

Instigated for the first time, was the distribution of questionnaires for the purpose of determining the resources and ideas within the St. Albert Chapter. The questionnaires were well responded to, and the results indicate a clear interest in continuing nursing education.

The executive who are now meeting weekly will shortly announce details of the programs for the coming year.

Our list of nurses within the community appears to be incomplete and we urge all nurses interested to becoming members of this active chapter to call Hilda Stitt at 598-3571.

Wright Denture Clinic

W. L. WRIGHT
Certified Dental Mechanic
104 Westmount Shopping Centre. PHONE 454-2222

ATHABASCA UNIVERSITY

Director of the Learning Centre

Applications are invited on or before November 1, 1971 for the position of Director of the Learning Centre.

As a senior academic officer of the University, the successful applicant will be responsible for the recruitment of a team of professional librarians, media specialists, communications and computer personnel, in close liaison with the academic staff. The Director will also direct the activities of the Learning Centre team in the acquisition and production of systematized learning materials and the development of information systems.

Ideally, the successful candidate will have a strong academic background as well as extensive and varied executive experience in either education or industry.

The Director of the Learning Centre will report directly to the President and will carry the status and salary equivalent to that of an academic dean.

All replies will be treated in confidence and should be addressed to:

Dr. T. C. Byrne,
President,
Athabasca University,
406, 10808 - 99 Avenue,
EDMONTON, Alberta

Town of St. Albert

ELECTION HELP WANTED

The Town of St. Albert requires Deputy Returning Officers and Poll Clerks for the forthcoming election to be held October 13, 1971.

Applications will be received by the undersigned until September 27, 1971. No phone calls please.

Applicants are requested to reply, IN PRINT, stating name, address, telephone number, previous election experience if any, education and other clerical experience.

G. P. Moore,
Returning Officer,
Town Hall,
Grandin and Churchill,
St. Albert, Alberta.

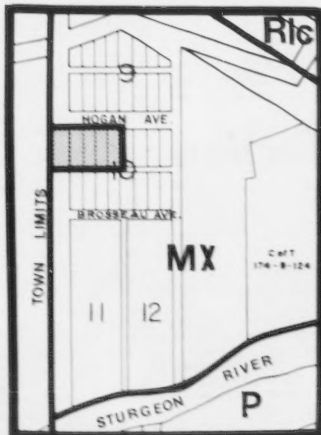

Town of St. Albert

NOTICE OF PUBLIC HEARING

The Council of the Town of St. Albert having been given authority under Section 119 of the Planning Act 1970 R.S.A., as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a public hearing.

The purpose of the hearing is to rezone Lots 1 - 4, Block 10, Plan 5428 A.W. presently zoned Industrial Comprehensive (MX) to Industrial-Light (M1).

The proposed By-Law #32/71 may be examined between the hours of 9:00 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the Council Chambers on the 4th day of October at 7:35 p.m.

Written objections to the proposed by-law will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 29th day of September, 1971. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

D. B. O'Connell,
Secretary-Treasurer.

Sylvia Walsh

Education today, more than ever, is a vital issue. More students are staying in school for a longer time than before.

They are preparing to face the challenges of a fast-paced, highly specialized, and every-changing world. This highly accelerated pace if society has had a corresponding effect on education. Education is being scrutinized and questioned as never before. The school and the community are moving closer together. This is a trend that must continue if the quality of education is to be improved.

The challenges facing education are many. In meeting these challenges, we must at all times remember that THE PUPIL IS THE FOCAL POINT IN OUR EDUCATIONAL SYSTEM. Whatever the decisions made, whatever the actions undertaken, the pupil's best interests must be kept in mind at all times.

St. Albert is expanding rapidly. This means an increased school population and the need for new and improved facilities as well as for extra staffing. All this costs money.

I do not need to remind you that a good portion of your tax dollar is spent on education. There is NO ROOM FOR INEFFICIENCY, CARELESSNESS, OR UNNECESSARY SPENDING in this department. PRIORITIES MUST BE ESTABLISHED!!!

The aims, purposes, and costs of education need constant re-examination. This, in my opinion, is one of the major duties of any school board member.

If re-elected, I do not propose any revolutionary changes. I will, however, do the very best job that I am capable of. We must maintain and improve the high standard of education that the citizens of this community expect and deserve.

Norman Lynch

The responsibility for being a trustee for the Catholic School Board is of very strong interest to me. Not only am I greatly concerned in the progression of my children presently in Grades 3 and 4 at Albert Lacombe School but their future education facilities requires constant vigilance in formulation.

Last year I campaigned unsuccessfully on this and

other points. The candidates for the Protestant Separate School Board running at that time, however, campaigned successfully on one of my main issues, namely the co-operation between the two Boards in financial areas in efforts to reduce costs for similar goods and services. I have seen no evidence since then that any such joint feats have been accomplished nor even any indication that present members of either Board have even made any efforts in this area.

I request your support in electing me so that I might devote my knowledge and efforts into alignment with the above tasks. I feel that I am well qualified in the field of institutional administration and that my present employment as Director of Purchasing for the Edmonton General Hospital, work as vice-president of the Alberta Hospital Purchasing Association and active participation in the Public Buyers Group of the Purchasing Management Association of Canada will stand me in good stead.

Allan P. Gannon

To the ratepayers of Public School District #3

Please be informed that I am seeking your support on Oct. 13 for the position of school trustee. I have allowed my name to stand because of a sincere interest in youth and in education. This interest in education is reflected in my own return to school after 13 successful years in industry. I am now completing the fourth year toward a B.Ed. degree in vocational education.

My wife Joanne, and our family of nine children have resided in St. Albert for nine years. During this time I have been enthusiastically involved in church affairs, the Scouting movement as Cubmaster and Venturer Counsellor and have taken an active role in civic and provincial political activities.

As an instructor at NAIT, I am directly associated with education and am aware of the apparent trends that are taking place. Some of the areas I am prepared to support include:

1. Teachers specially trained in the field of religious education.

2. The adoption of a religious education program at the high school level as a core course designed spe-

SCHOOL BOARD CANDIDATES EXPRESS THEIR VIEWS

cifically for the St. Albert student.

3. An Industrial Arts program designed to introduce all students to the world of technology and occupations and, in so doing, enhance the academic areas.

4. An examination of timetabling and the traditional school day to better utilize present school facilities.

The feasibility of more economical vertical school construction in light of high land acquisition costs and costly horizontal building construction.

6. The use of teacher aides and school auxiliaries as support staff.

I would be pleased to discuss these issues with anyone who cares to contact me at 599-6324.

David B. Fraser

My wife Rosina and I watched the initial development of new subdivisions in St. Albert with interest. We were the first family to move into Grandin Park back in May, 1959 and have no regrets. Both of us have been active in community affairs ever since, at least to the extent possible while raising our six children who range in age from twenty years to twenty months.

I was elected to your Board in 1962 and carried out the responsibilities of chairman to the best of my ability for the last seven years. It is not for me to indicate here the performance of the Board or myself during that time. You, the elector, will be the judge on October 13.

Many wonder why a person seeks the office of trustee in the local community if it is sincere in its beliefs. My reason is that I am a Catholic father concerned with the process of learning and that I am willing to assist others in creating a meaningful educational system for all children in our district.

Our Catholic school system is certainly committed to Christian Education but it must play a positive role in the total community if it is sincere in its beliefs. School District No. 3 not only has a record of consistently excellent academic results but it has pursued a policy of co-operation with other educational and municipal authorities in matters of mutual concern.

As Chairman I was involved in development of the joint-use agreement which allows use of school facilities for off hours recreational purposes. Our program has been a model for those in other communities. Acting on behalf of the Board I have gained considerable

experience in negotiating with a variety of people including elected and employed officials of the Government of Alberta, other school and municipal authorities, and land developers.

One of the most important financial responsibilities of a trustee is to negotiate salary agreements that are not only fair to the taxpayer but also create conditions of work that attract and keep good teachers. I have served on the Salary Negotiating Committee since 1962.

I am prepared to serve another three year term if the final count on October 13 indicates your support. Thank you.

Don LaBelle

In seeking re-election to the Public School Board of Trustees in St. Albert, I commit myself to serving the taxpayers of our school system with the same dedicated service I have performed for the past four years.

Concerns of parents regarding course content in programming, busing, school hours, school sites and financing are but a few of the tasks that will challenge your Trustees in the next three years.

In my opinion, experience and sound judgement is required to deal with the many complex problems facing education today.

I feel that the experience I have gained during the past few years as a School Trustee has given me more insight into the many problems facing the education of our children.

I also feel that communicating with parents on the issues that come before us has not been as satisfactory as it should be. Several months ago your Board studied the possibility of originating a periodic news letter or series of news releases that would keep parents informed. If re-elected, I pledge to see that such a project gets launched.

My wife and I have lived in St. Albert for almost seven years, originally in Grandin Park and since last November at 2 Bellevue Crescent. We have three sons, two of whom are attending school.

On October 13, I ask the supporters of St. Albert School District #3 to allow me the opportunity to continue to serve you for the next three years.

Ernest Howrish

I am grateful for this opportunity to indicate to

the Catholic school supporters of St. Albert, my intentions to seek election to the Board of Trustees of the St. Albert Public School District #3.

I am married, with one daughter of pre-school age. I received my B.Ed. degree from the University of Alberta and have completed some post-graduate study in the field of educational administration. I am presently employed as a teacher-principal with the Edmonton Catholic School District.

We are presently, in a time of growing public concern regarding educational matters. It is a time when education must be accountable to the supporting public. For this reason there are many very important decisions which confront a school system. These decisions may have very serious implications upon our children's education.

I feel that my experience as a classroom teacher, as an educational administrator, as well as a parent and taxpayer, could provide a Board of Trustees with some insights which would be helpful in ensuring that the right decisions are made.

Better use of school facilities by making them available for use by community groups, would be only one issue which I would favor.

I humbly ask the Catholic supporters of St. Albert to give me an opportunity to take part in decisions such as these, and to give me their support on October 13.

Thank you.

Jim Wiltshire

My family and I have lived in St. Albert for nine years. During this time I have taken part in many different church and community activities. I was chairman of the Sir George Simpson Home and School Association, chairman of a Church Board, helped with Cubs and Scouts and have at all times tried to make St. Albert my home and a better place to live.

I have graduated in engineering and at present am working towards my Masters degree in vocational education. This will add me both in my work as a section head at NAIT and as a member of the St. Albert Separate School Board.

I am now finishing four years on the board and during this time I have been chairman of the finance, business, education and negotiation committees. I feel that I have made a contribution to the education of the students of St. Albert in each of these positions.

During my tenure on the Board I have tried to accomplish two things:

1) The best education possible for the students with the money we have available.

2) To establish a good working relationship with all people involved in education in St. Albert - students, parents, teachers, administrators and board. They will accomplish more when working in harmony toward a common goal.

If elected I can only promise that I will continue to work toward the above objectives and will approach all problems logically and without bias.

Ed Taylor

My name is Ed Taylor. I have put my name before you as a candidate for your school board this fall because I feel that I can do a specific task for you as school board trustee - that of ensuring the maximum of education for the children of this town consistent with minimal expenditures.

By this I do not necessarily mean that school budgets need be cut, but only that the money accruing from you, the taxpayer, be spent as wisely as possible.

I advocate:

a) adoption of an appropriate school board budget, and adherence to it,

b) adoption of a comprehensive extra-curricular education system within the present school system, with an appropriate, and reasonable scale of charges,

c) provision of school facilities for appropriate extra-curricular activities again with an appropriate scale of charges.

d) opening of negotiations for the amalgamation of the two school boards. This will be a fairly touchy point among many residents, and it would certainly not be my desire that any such proposal be discussed without full participation of all citizens. However, I think we should start to consider how we might discuss such an end.

As qualifications for this task, I have been:

Lecturer at the U of A for four years in electrical engineering; Lecturer at NAIT for a year in business administration; Past commanding officer of a local militia engineer unit.

I am current engineer responsible for capital and current budgeting in Edmonton Telephones.

I request your vote on October 13.

Gordon Unger

I would like to thank the Gazette for this opportunity to outline some reasons why I am seeking your support for the separate school team. I have been vitally invol-

Continued on Page 4

CANDIDATES' VIEWS

Continued From Page 3

ved in education for most of my life. I have been at various times a student (B.Ed., M.A., University of Saskatchewan), a teacher (8 years in junior and senior high schools), and an educational researcher. I am currently employed as executive secretary to the Academic Staff Association of the University of Alberta.

For 26 of my 32 years I have been daily concerned with educational issues. I have an abiding commitment to the belief that the ability to learn can be the single most important source of pleasure and profit for an individual.

In the course of my life I have seen hundreds of young people learn to learn. Almost all begin their school years with enthusiasm and a love for learning. Some are able to retain this enthusiasm all their life. Those who do, have always with them a capacity to gain from life's experiences. Many of our students, however, lose their capacity for the enjoyment of learning; they are hindered rather than helped by the processes of practices of our institutions of education.

I seek a position as a trustee of our children's education, with the commitment that the decisions I make will be so made that

learning can be fostered as a result.

From that commitment follows my belief that the key to improving our schools is in improving the learning environment. Specifically, I am committed to the hiring of the best teachers available, and keeping them, for the teacher, more than anything else, influences the school environment.

I am committed to excellence.

If my commitments concerning our schools coincide with your wishes for the education of your children I invite your support on October 13.

Donald C. Munro

My wife Barbara and I have resided at 29 Greenwich Cres. in St. Albert for the past eight years. As parents of four children, Michael, Tommy, Jill and Cameron, we have a real interest as parents and taxpayers, in municipal government and the separate school system of this town.

I was born and raised in Edmonton and have a Bachelor of Physical Education and Bachelor of Education as well as a Graduate Dip-

loma in Vocational Guidance from the University of Alberta. I have been employed by the Edmonton Public School Board for 10 years and have held the position of Curricular Associate of Counselling at Victoria Composite High School for the past four years.

During the past few years many more provisions have been made for the community to become actively involved in the program and decision-making process of our schools. I firmly believe that this practice of utilizing the physical and human resources of the community must continue to expand insuring greater coordination of all social agencies. This promotes maximum use of all existing facilities and provides the most economical means of planning future development.

I sincerely feel that with my training and experience in the field of education I could make a worthwhile contribution to the community as Trustee of St. Albert Separate School District No. 6.

Alex Sollanych

First, my thanks to the Gazette for providing this

opportunity to make known how I expect to fulfill the duties of School Trustee on your behalf.

My interest in school affairs started shortly after the Protestant Separate School District was formed, when we settled in St. Albert. At that time I helped to institute and operate a non-profit bus service to transport the students from all areas of our town to the only school then - Sir Alexander Mackenzie.

During the subsequent years I attended many school board meetings, so I am quite aware of the time-consuming responsibilities that are involved.

Sixty per cent of our property tax goes to the cost of education in our district, and I'm sure that you - like me, want to see value for these dollars. I believe we could realize savings by combining supplies and equipment purchasing with other school boards and districts. A central, perhaps provincial, pool of school building designs, specifications and subsequent experience analysis could also bring savings in future school building plans.

The recent election promises of our provincial government in changing the educational tax structure will possibly bring many changes. I am prepared not only to meet these changes, and support any worthy plan; but

also to bring constructive ideas to our new Minister of Education.

I feel that a school trustee must combine the wishes of the electorate, the knowledge of the public and the advice of the public and the Department of Education with his business administration and financial talents to operate our district efficiently.

With your support - and vote; I can fulfill these duties.

William D. Cuts

Having been associated with the St. Albert Protestant Separate school district since its inception, I am again seeking re-election to the school board. To acquire a teaching staff of the highest calibre and provide the best of facilities has always been my objective.

In no small measure, this objective has been accomplished.

As chairman of the building and properties committee, I am presently involved in the planning of a new high school, which, hopefully, will be completed for next school year. However, with the rapid growth in this town, a further addition to that school, including, I

hope, a badly needed covered swimming pool and a cafeteria, should be the next stage.

An elementary school for the north side of the river will be a necessity in the near future.

In school administration and in planning of new facilities, I have always considered recommendations of the teaching staff of prime importance. To keep abreast of new trends in building, facilities and education in general, I have studied current information, attended seminars and training sessions.

Locally, we have made every effort to have good working relations with S.D. #3 and the Town. Joint meetings with the other school board and joint use of town and school facilities exemplify this.

As a trustee, I have taken my responsibilities seriously, having missed no more than two meetings in 12 years.

If re-elected, I will continue to award top priority to school board matters.

Bill Penrose

As one of the nine candi-

Continued on Page 5

We make a lot of hot air out of winter

northwestern delivers the gas

northwestern utilities limited

Serving Albertans since 1923

dates for the Separate School Board I look forward to the October election results. At long last we have a real choice among experienced trustees and enthusiastic newcomers. Our next board can have a "new look" at a time when we have a new provincial government which has promised significant change in education and taxation policies.

My credentials for the three-year job ahead are those of broad experience in all aspects of our school district operations. As vice-chairman of the board, chairman of the business and finance, education and negotiating committees, and as our former secretary-treasurer I have had the opportunity to learn and practice the many different functions of a school trustee. Last year I was elected 2nd vice president of the Alberta School Trustees Association which gave me work experience as a member of government committees doing the long range planning for school finances, curriculum, construction and legislation. I feel ready and able to do a workmanlike job on our next school board.

During the year ahead trustees will make some difficult and important decisions. "Tight" budgets will force some cutbacks in program. Where to economize and what to retain will require careful and experienced thought.

As a self-employed businessman I can pledge the time required of a trustee to attend meetings and to do

the necessary homework and research that goes with the job. As a parent with children still in our schools I remain concerned about the day to day progress of our students. As a taxpayer and long-time resident I am more than just "concerned" over the rising costs of education. Our school district now has a budget control system instituted at my urging.

As a candidate for election I request your support.

Charles Schroder

My thanks to the Gazette for the opportunity to address the supporters of the Protestant School Board.

I have served as trustee for the past five years; the last three as Chairman of the Board. I am a Professional Civil Engineer employed as Head of the Engineering Sciences Department at NAIT; a member of the Anglican Church and am also active in the Cubs and Scouts.

I believe that our children require the best education possible. As trustee and as chairman, I have continually endeavoured to develop excellence in staff, to provide adequate facilities and to encourage a strong elementary program.

I believe in full co-operation among Trustees, teachers, students, parents, and between other levels of government.

I fully support the community use of schools during off school hours.

I am concerned about the high costs of education. However, my efforts to limit the increasing costs of education will not be at the expense of providing an inferior level of education to our students.

I believe that the public should be kept informed as to all decisions made by the board and WHY they were made.

I have found the five years that I have served on the Board rewarding and interesting. I look forward to serving you for another three years.

Dave Davis

Once again I ask for your

support at the polls to elect me as your representative on the Separate School Board

I have been a resident of St. Albert for nine years and am employed by the federal government, Department of National Revenue.

My platform and views regarding "Costs of Education" have not changed, basically they are as follows:

1. Cost of education must be compatible with revenues available.

2. Restraints must continue to be implemented to prevent needless and unproductive spending.

3. More and better communication between school boards and taxpayer regarding educational costs in relation to spending.

4. Spiralling costs of education must be examined, always keeping in mind that our standard of education is not jeopardized.

5. Utilize "joint use" legislation to a greater degree in order to curtail costs.

The experience that I have gained during the past year as a member of the school board, in particular with the finance committee has been invaluable, challenging and rewarding.

I believe that my one year as a trustee, together with my administrative and accounting experience and my interest in the education of our youth of St. Albert, will enable me to better serve you as a member of the school board should you, the voters of St. Albert, see fit to again elect me.

Letters to the Editor

Tell me why

The Editor:

Since the Gazette has given the front page of last week's second section to those who chose to run for mayor, council and school boards in St. Albert, I feel confident you will allow the same courtesy to those NOT running for any of the aforementioned posts, who wish to ask publicly, questions

of interest to St. Albert residents.

I am sure most of the eligible voters of St. Albert have heard the song "Tell Me Why," and I would like to direct my question to Dick Fowler: a man who has six children; is manager of an engineering sales firm (in Edmonton); is on the Board of Sturgeon General Hospital; is on the governing authority of the Athabasca University; is attending the University of Alberta (I assume in classes); who

was mayor of St. Albert 1965-68, but decided not to run in 1968 when the town was threatened with a number of law suits, and the potato was "too hot to handle."

Tell me why you decided to run now? Could it be the mayor now gets paid, and you feel St. Albert owes you something? Also, have you a new formula for the number of hours in a given day?

Ken Fehr,
St. Albert.

Police Commission

The Editor:

Two weeks ago a picture appeared in the Gazette showing the members of the St. Albert Police Commission.

As a citizen of St. Albert I would appreciate very much in knowing more about the members background.

What? they have been doing prior to coming to St. Albert, and from where? they came from.

I am sure, that more St. Albert citizens are interested in knowing as much as possible of the gentlemen in our Police Commission.

Eric W. Schulz,
41 Sunnyside Cres.
St. Albert, Alta.

One radical to another: "Only one thing bugs me, man. What happens to our unemployment cheques when we overthrow the Government?"

Angels advance to league championships

The Angels, down one game to the White Sox in the best of three Beaver first division playoffs, rallied for two straight wins on Saturday to advance to the overall Beaver championship. They go against the Mets this weekend.

Angels took the opening game with a 3-1 win over the White Sox on a four hitter by Mike Mitchell who also had 10 strike outs. They took a 1-0 lead in the first inning with Murray Riddell, scoring on a passed ball after he had singled. Angel's Kenny Gossen walked in the third and scampered home on another passed ball to give the Angels a 2-0 lead.

Leading pitcher Dave Shipanoff, ran late control problems in the fourth and allowed the Angels two more runs for a 4-0 lead. White Sox finally got on the score board in their half of the fourth when Keith Woloshko singled and came home on a sacrifice by Travis Paragko. Angels wrapped up the

game in the seventh inning scoring four big runs, two on a triple by Mike Mitchell Shipanoff allowed the Angels only six hits while collecting 14 strike outs.

In the final game Angels broke open a close 3-4 game in the fifth inning scoring four runs and added three more in the seventh for a final 11-4 win. Angel's Lawrence Frank led off the second inning with a free base when he was hit by a pitch. Dave Gressner walked and Brian McDougall was safe on a White Sox error to load the bases. Barry Kane singled in one run and two more came in on a walk and a passed ball as the Angels took a 3-0 lead.

Keith Woloshko singled to open the second inning for the White Sox and scored on an Angel error to reduce the lead to 3-1.

Angels picked up two more runs in the third on three walks and some sloppy infield play by the White Sox. The White Sox appeared to come alive in the fifth when

Travis Paragko, Jim Scheibelhofer and Dean Roy all reached base on Angel errors. Dale Roy then singled scoring Paragko and Scheibelhofer came home on a walk to Dave Shipanoff. Roy scored on a passed ball and the White Sox had pulled within one run of the Angels.

Angels then erupted for four big runs in the fifth on two walks and a double by Dave Gressner. Barry Kane hit the day's only home run in the seventh after Brian McDougall had singled for two more runs.

Mike Mitchell's sharp single into left field scored Kenny Gossen who had walked for the 11th straight time during the two games for the final Angel run.

Murray Riddell pitched the complete game for the Angels allowing five hits including a double to Jim Scheibelhofer. Riddell struck out 11 batters. Leading pitcher Dale Roy allowed the Angels only five hits.

Sailfish win provincial title for second consecutive year

When swimming coach Norgrove Penny took over the coaching duties of the St. Albert Swim Club he realized he had a tough act to follow as the Sailfish under coach Bernie Luttmer won the Provincial B championship last year. Once he got to know the kids it didn't take long before he realized he had a chance to maybe win again. On the last weekend in August, the Sailfish returned from Hamilton Memorial pool at the University of Alberta with their second consecutive provincial championship.

The Sailfish accumulated a total of 919 points compared to runner-up Camrose with 678.5, Medicine Hat was a close third with 655. As was the case last year, the Sailfish really turned it on in the relay events, winning seven of 16 matches while placing second four times and third twice. In all seven events they won, provincial meet records were also set.

In the individual meet events, Letitia Sopchuk, Tom Kehoe, Carolyn Wilhelm and Richard Fowler picked up first place medals, with Fowler setting a provincial record in the 25-meter butterfly.

Other outstanding swimmers were Cathy Fowler, Rod Wiltshire, Barb McCaffrey, Malread Kehoe, Mike Sandomirsky, Eda DeChamplain and Neil Rae.

Neil broke his little finger shortly before competition started and came back from the hospital with a cast on. The cast didn't feel just right, but Neil taped two fingers together and competed in a number of events. With this handicap he managed to place second in one event and third in two others.

In addition to the fine showing of the Sailfish Club, the parents of the participants again led the way acting as officials at the meet. Provincial co-ordinator Roy Downes of Cochrane, credited the success of the meet to the efforts of more than 30 parents from St. Albert.

Complete results of how St. Albert swimmers did in each event are shown below with an asterisk indicating a provincial record and placings in brackets as to how they finished.

BOYS 400 M. Freestyle: Don England (8).

OPEN WOMEN 400 M. Freestyle: Letitia Sopchuk (1); Cathy Fowler (2).

Winners of individual swimming trophies are from left to right: Karen Powers, Most Improved Female, donated and presented by R. Laird; Jim Rae, Most Improved Male, donated by Anne Marie Elkins; Richard Fowler, Most Outstanding Male, donated by St. Albert Pharmacy; Letitia Sopchuk, Most Outstanding Female, donated by Bernie Luttmer. Back row: R. Laird, Jim Kehoe and John Grave, assistant coaches; and head coach Norgrove Penny, holding trophy presented to him by team.

Legion discusses plans for new season

By Wally Swenarchuk

The St. Albert Legion commenced its first monthly meeting of the new season with the initiation of two new members, followed by

a session of planning for the fall and winter.

Peggy Hanneman was accepted as an ordinary member by virtue of service in the Canadian Army Militia,

as was Keith Brook, who was ceremoniously presented with his late father's legion badge.

Keith served his stint in the Canadian Army regular force and having earned the right, followed his dad's footsteps into the ranks of the Royal Canadian Legion. Keith had most of his schooling in St. Albert and graduated from Paul Kane High School, believed to be its first graduate student to become a legionnaire.

Following this ceremony Wally Swenarchuk was escorted before the president and members to be presented the Past President's Badge awarded for service.

Plans were put into motion for three main events before the Christmas holidays. A Hawaiian Luau social in the St. Albert Community Hall on Friday, Oct. 15, will feature a 12 dish polynesian feast and dancing from 7:45 p.m. to 1:30 a.m. There will be favors, leis, and prizes, and native dress will be optional. Members and guests will be urged to reserve early for this event, and the general public will participate. Tickets can be obtained from members of the executive.

Arrangements are well underway for the annual observance of Remembrance Day on Nov. 11. The Armistice banquet and ball will again be at the Club Mocombo. Also in the planning stages is a Kiddies Christmas party.

Two teams will be entered in the city dart league. Members comprising the dart

teams need not be members of the legion. Some of the competitions will be held at the St. Albert Legion Hall. Anybody wishing to play darts on any of the two teams should contact Doug Taylor or Murray Glenie.

Approval was requested by the Ladies Auxiliary, and was granted, to join the Joint City branches, ladies auxiliary. This body co-ordinates and maintains close liaison among the ladies auxiliaries at branches in the city and surrounding area.

Regarding the Veterans Housing Sweepstakes, there are only two months left before the drawing of this lottery on Nov. 11. Meant to reduce the mortgage, pay for administrative costs and maintenance and to possibly reduce the rents, this project should be a success, but there are still lots of books to sell and plenty of tickets are available.

Ron Gaunce Wants Light Industrial Development In St. Albert

In a recent interview, Mr. Ron Gaunce who is seeking a seat on Town Council reviewed some of the issues facing the residents of St. Albert.

Mr. Gaunce feels that light industrial development would broaden the level and distribution of our local tax burden. Dormitory towns such as St. Albert have a tax assessment based mainly on the single family dwelling, consequently, this issue calls for ways to reduce the homeowners tax commitment.

"One of the answers to this problem is for us to provide an economic climate for the rapid growth of light industry, particularly in view of our new Provincial Government's proposal for secondary industrial development," says Mr. Gaunce. Asked how this could be done, he said "An industrial site has already been set aside within the town but restrictions on the provision of utilities make it uneconomical for small companies to locate or relocate in St. Albert. Consequently, Town Council must negotiate with the Provincial Government to provide ser-

vices for these companies with repayment by the industries themselves through municipal taxes over a long term arrangement."

"Light industry in St. Albert could provide us with additional tax revenues, local employment and several other economic benefits that presently do not exist in our town."

Mr. Gaunce stated that he believed this is an issue to be resolved by Council and requires immediate study, decision and action.

"This is one of the reasons why I seek election to Town Council so that issues such as this can be disposed of in any manner that considers the priorities of the residents of St. Albert. I believe the tax base and the acquisition of non-polluting, light industry in St. Albert must be dealt with quickly."

Asked what other major issues concerned him, Mr. Gaunce replied "...

At the invitation of your reporter, Ron Gaunce will review these issues next week.

"The Home of Red Carpet Service"

Yet another burnt picnic table, the third one this year, has been reported by the St. Albert Lions Club. The Lions are faced with a very serious vandalism problem at Lions Park. Picnic tables cost about \$75 each and make for expensive firewood. The Lions, through a lot of hard work and the generous support of the community, have made Lions Park into an outstanding facility for the use of the people of the district. It seems a few irresponsible and unreasoning people are out to cause the destruction of this Park. Citizens are asked for their co-operation in reporting any questionable activities in the Park to the RCMP.

Mrs. K. L. Irvine, 42 Geneva Crescent, had a visitor in her yard yesterday morning. A good sized porcupine had wandered in and taken up residence in a tree. Asked what she planned to do with the animal, Mrs. Irvine said, hopefully, "well . . . maybe he'll go away?"

RICHARD FOWLER

MAYOR OF ST. ALBERT

Inserted by the Richard Fowler for Mayor Committee

The Welcomes Wagon Newcomers Club installed a new slate of officers at a recent meeting. Serving with president Bunny Ferguson are: Barbara Potter, Judy Anderson, Mary Ann Adams, Laurie Houle, Lorna Thomas, Irnhild Menzel and Margaret McDonald. Welcomes Wagon hostess is June Leggett.

Compensation Board offers first aid course

The accident prevention department of the Workmen's Compensation Board will conduct a first aid course on the following dates: Oct. 18, 20, 25, 27, Nov. 1, 3, 8, 10, 1971 at the assembly area, Sir George Simpson Junior High. Classes will be held 7:30 to 9:30 p.m. each evening, registrations will be taken the first evening of the course.

The direct benefits of first aid training in industry cannot be over-emphasized.

Even in companies with complete medical departments, trained first aid personnel are a potential asset because they can stop dangerous bleeding, administer artificial respiration and transport injured workers safely.

In addition to its possible direct benefits on the job, first aid training has inherent interest for employees. They learn something about the nature of accidents and acquire an accident awareness that makes them more cautious and less likely to have accidents.

Nickerson PTA starts new Season

The first monthly meeting of the LeoNickerson Elementary school parent-teacher association, was held in the form of a "Meet the Teachers" night Wednesday, Sept. 15.

Leo Nickerson boasts the only existing PTA in St. Albert with a beginning of the year membership of 32 families.

Program chairman, Peter McCaffery, aroused much enthusiasm with his outline of planned programs for the coming year, which include:

October: Dave Thomas on the subject of Learning Disability Clinic in the district.

November: An exercise to illustrate the double value system, "How under privileged groups react under pressure."

December: A film on Summerhill School, followed by discussion.

January: Social evening.

February: Teachers panel on "Why I teach."

March: Talk and demonstration by the Community Media Co-op and Citizens channel of cable television.

April: The fine arts in the school curriculum.

May: Conflicts acted out between teacher and child and discussed.

Meetings are held the third Wednesday of each month in the music room of the school. Residents are cordially invited to attend these most informative meetings.

Interest high in Gibbons elections

Seven people are running for the five seats on the Village of Gibbons council, indicating considerably more interest than was shown in the last municipal election, when the village had difficulty in finding enough people willing to fill three places.

Two incumbents are seeking a further term on council: Spencer Holmes and Joe Mauboult, and five people are making their first bid for civic office: Elaine Kert,

Dermont Loblick, Gladys Morin, Wilfred Oliver and Ronald Smith. The former Mayor, Tom Morin decided not to run.

Under a bylaw passed two months ago the size of Gibbons council has been increased from three to five members. The move was made in view of the growing population of the village which stood at 566 on January 1 and is expected to increase to 750 by year-end.

Gibbons

Light Horse Club

By Sharon Kish

The Gibbons Light Horse 4H Club will commence a brand new season by holding their reorganizational meeting on October 13, 1971 at 8 p.m. in the Gibbons Sunday School. Persons between the ages of 10 - 21, owning their own horse are welcome to attend. Interested parents are asked to please accompany their children to the meeting.

The past year has been a very exciting and profitable one for the Gibbons Light Horse 4H Club and it extends a warm welcome to all interested fans.

4. To set regular daily office hours for the Mayor.
5. To have an open door policy for ALL residents and other interested parties.
6. To actively oppose amalgamation as a Council Member September, 1967.

GIBBON, R. M.

Inserted by Ray Gibbon for Mayor Committee.

The executive of the St. Albert Ladies Curling Club met Friday evening to map out plans for a number of events and activities in advance of the curling season which begins Oct. 3. Front row, from left: Karen Schultz, treasurer; Ev Chiles, secretary and Shirley Fisher, president. Behind them are Blanche Gialster, Vivian Tooth and Hilda Czerar, social comm., Nancy Whalen, draw convener, Noni Hostler, chairman girls curling, Lynn Johnson, bonspiel chairman and Kay Carmichael, vice president and assistant draw convener. Missing from the photo is Betty Anderson, chairman furnishings and decorating committee.

John Bryan wins first cycle cross

Last Saturday St. Albert Bicycle Club promoted the first Cycle-Cross to be run in Alberta and although the event was poorly supported by both entrants and spectators, the few people who did watch, saw why this is asily the most spectacular form of bicycle racing.

By the end of the first lap, Peter McCaffery of the remoting club had a lead of 30 seconds on Ed Heasck of VSE and Frazer Archibald (unattached). John Bryan of Georges Cycle was further 15 seconds down, having been hindered by mechanical trouble.

After three laps, McCaffery had increased his lead to 74 minutes whilst John Bryan, beginning to show his lass had moved into second lace. Four of the eight tarters had now retired,

three with damaged bicycles.

On the sixth lap of the seven lap race, Bryan stormed past the rapidly tiring McCaffery and went on to add yet another win to his long list of successes.

Results were: (1) John Bryan - Georges Cycle - 48' 36"; (2) Peter McCaffery, St. Albert B.C. - 49' 18"; (3) Frazer Archibald, Unattached - 52' 20"; (4)

Chester Wasylkiewicz, St. Albert Bicycle Club - one lap down.

On Sunday, September 26, St. Albert Bicycle Club is running its Fall Road Races on a circuit in Grandin Park. There will be races for all categories of riders and bicycles and any interested riders can enter by coming to Grandin Shoppers Park at 1:30 this Sunday.

Ladies club will sponsor school girls curling

Members of the St. Albert Ladies Curling Club have decided to organize school girl curling this winter, and the girls will be included in the curling school to be held in October, along with school boys and new lady curlers. Dates have been booked also for a girls Christmas Bonspiel, Dec. 27, 28, 29, to be hosted by the ladies club.

School girl curling is for girls 13 years and over. At their executive meeting last Friday evening, the club also planned a November social evening at the Friendly Giant Inn, which will include ladies of the mixed league. Also in November the club will host a ladies open cash bonspiel. Dates for their annual open spiel are set at Feb. 2, 3, and 4.

St. Albert will have four representatives on the Northern Alberta Ladies Curling Association: Jean Rankel, senior delegate, Nancy Whalen, junior delegate, Betty Anderson, zone convener and Marina Vettergreen, assistant convener.

AROUND TOWN

Bill Penrose got the short end of the stick last week in the Gazette, when a certain employee (built like a long string bean) omitted his name from the list of those nominated to contest the protestant school board elections. With nine candidates running for five trustee positions the elections will be closely fought and it was definitely not intended to put Bill a notch behind by this omission. Sorry about that!

The French choir, organized by Pauline Vaugeois, got off to a rousing start at their recent get-together. English speaking residents suddenly found themselves singing French-Canadian folk songs and enjoying a bit of elementary oral French. The choir welcomes all singers to their next meeting, Wednesday, September 29 at 17 Madonna Drive, 7:30 p.m.

Credit Union reports fast growing assets

The volume of business through St. Albert Savings and Credit Union since the firm purchased property for a new building some three months ago, would appear to have justified the move.

Assets have increased at the rate of roughly \$50,000 per month in that time, to a total of \$761,000 at the end of August. The assets figure projected for 1971 in the budget has already been surpassed by \$11,000, and manager Leo Alain is very confident that there is very good possibility of reaching

the million dollar mark by year end.

To date the firm has not got into the planning of the new building on St. Anne Street, but an announcement is expected in the near future.

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Hormones used for fattening cattle

Issued by the District Agriculturist's Office
Both researchers and feeders are enthusiastic about using hormones in cattle fattening rations, providing they are used properly.

To date, hormones have not been as widely used in Canada as they have in the United States where 30 per cent of all cattle finished in feedlots are fed either DES or MGA. The USDA estimates that if DES, the most commonly used hormone, were banned, the annual cost to the consumer would be in the neighbourhood of 300 to 400 million dollars because of higher

production costs. They also suggest that an additional 3,172,000 tons of feed grains would be required to feed steers now in DES to presently accepted market weights. If MGA, used for heifers, were also withdrawn, a further 649,000 tons of feed would be needed.

P. J. Martin, animal nutritionist with the Alberta Department of Agriculture, explains that synthetic hormones probably have the effect of inducing cattle to produce higher levels of natural hormones. DES tends to lengthen the growth stage and, thus, to deposit more protein and less fat than is usually the case with an un-

treated animal of the same weight.

Since hormones are neither wonder drugs nor "cure-alls," they cannot be expected to correct nutritional deficiencies. To obtain the maximum response from these growth promotants, adequate quantities of a well balanced ration must be provided, Mr. Martin says.

The expected increases in gain and feed efficiency for the various products on the market are listed below. Although these predicted responses are based upon research findings, similar results can be expected under feedlot conditions as long as properly balanced, high energy rations are fed.

HORMONE TREATMENT

DES (oral or implants) (steers)
Synovex S (Steers)
Synovex H (Heifers)
MGA - 100 (heifers)
*Averages of 25 research trials

AVERAGE EXPECTED INCREASES IN: DAILY GAIN FEED EFFICIENCY

DES (oral or implants) (steers)	10 - 15%	5 - 10%
Synovex S (Steers)	Similar to DES	Similar to DES
Synovex H (Heifers)	Similar to DES	Similar to DES
MGA - 100 (heifers)	11.2 %	7.6 %

There is another side to the use of hormones which should also be stressed. Their misuse could jeopardize human health and could result in their being withdrawn from the market, Mr. Martin warns. There has already been some agitation in the United States to have them taken off the market. Twenty-one countries, including Australia and Ar-

gentina, have already banned the use of DES, and Sweden and Italy have gone as far as to ban importation of U.S. meat from cattle fed DES. However, Mr. Martin feels that products such as DES are necessary to enable Canadian beef producers to compete effectively with beef producers in other countries, and that it is up to each producer

who uses hormones in his cattle rations to ensure that they are used strictly according to the manufacturer's directions.

These directions included the following:

*Implant DES (stiplants) at least 120 days before the animals are to be slaughtered.

*Remove oral DES from the feed at least 48 hours before the animals are slaughtered.

*Implant Synovex S and Synovex H at least 70 days before the animals are to be slaughtered.

*When using DES, use either the oral form or the implants, but do not use both.

*Use the correct hormone in the right amount for animals of the proper sex and weight.

Detailed information on the use of hormones for fattening cattle is contained in a new publication entitled "Hormones for Fattening Cattle" which will be available shortly from district agriculturists and the publications office of the Alberta Department of Agriculture, Edmonton.

knowledge of systems design will find "Ideal Farm Systems Design" particularly useful. It can be obtained at \$2.50 a copy from the University of Alberta's Book Store, Edmonton 7.

DEPARTMENT OF AGRICULTURE - PHONE 256-3351

Steps to reduce loss from bloat

1. Keep cattle intake of lush, actively-growing legumes down to 25 per cent. A 40 per cent intake of alfalfa at the late bud stage should be safe. Note that this is considerably less than the 50 per cent intake previously used as a rule of thumb.

2. Graze small areas at a time. This enforces rapid use of the pasture and reduces selective grazing.

3. Use nitrogen fertilization and a long period between grazing to help keep legumes down to a relatively 'safe' level.

IF BLOAT IS EXPECTED:

1. Inspect cattle hourly during the day.

2. At night, put cattle on hay or silage, away from a dangerous pasture.

3. Graze on safe grass or cereal grain pasture at night.

4. Encourage cattle to eat grass or oat hay or corn silage. It has been shown that cattle eating 30 per cent of their feed as oat hay do not bloat, but on good pasture cattle will rarely eat this much unless forced to do so.

5. Be especially alert when forage is wet, and also

after the fall frost; many stockmen believe that bloat is more prevalent under these conditions.

IF BLOAT OCCURS:

1. Have at hand a plentiful supply of long-necked bottles already filled with mineral oil. Give a drench of four 8 oz. bottles to 1,000 lb. cow and six bottles to proportionately larger animals; be careful to hold the head no higher than the shoulder and allow the animals adequate time to swallow and to breathe, or the oil may get into the lungs and cause pneumonia.

2. If the animal is stag-

gering and 'going down' do not hesitate to make a six inch cut into the rumen on the left flank to release the ingesta. It will be necessary to get a veterinarian to sew up the cut but the cow will be saved.

Olds college offers agricultural programs

The above programs available at Olds College, Alberta, give comprehensive training in: Agricultural Equipment and Hydraulics; Gasoline and Diesel Power Units; Arc and Acetylene Welding; Related subjects.

Students may enter these

programs with Grade X standing. Grade XI is required for Agricultural Equipment Technology.

These programs begin on October 12, 1971.

For further information contact Wallace Klatt, District Agriculturist at Morinville - 256-3351.

Publishes guide to farm organization

Issued by the District Agriculturist's Office

Those in the agricultural industry who are looking for optimum efficiency from farm businesses, and those who question traditional work methods and wish to compare them with possible alternatives, will find a new 200-page booklet entitled - "Ideal Farm Systems Design" well worth reading.

The author, T. A. Preston of the University of Alberta's agricultural engineering department, outlines the steps that can be taken to evaluate work systems and shows how these systems can be changed to give optimum performance. He suggests a simple procedure that can be followed by those concerned with such aspects of farm systems design as machinery, buildings, materials handling equipment, co-operatives, trading and other group enterprises.

It has been the author's experience that labor productivity on the average farm can often be improved by about 30 per cent without any additional capital outlay. The things that are needed are more knowledge and a reorganization of work systems.

The booklet briefly discusses various techniques used in industrial and production engineering, time and motion studies and the theory of worker efficiency in his working environment.

Mr. Preston makes extensive use of charts, graphs and tables to illustrate his points and has included a comprehensive bibliography for those seeking more information in almost any area of farm systems design.

The larger commercial farmer, agricultural researchers, agricultural consultants and those in agri-business with some

Put zing in breakfasts

By Pat Prymak, District Home Economist.

Breakfasts needn't be blah!

Getting your family en- thusiastic about eating a good breakfast becomes a chore at times -- and perhaps part of it is because breakfasts aren't all that exciting. They needn't be repetitious (unless junior demands hot chocolate and peanut butter on his toast everyday) and here are some menu ideas you might like to try. Each includes an unlisted beverage of your choice and might be milk, hot or cold chocolate, coffee, bavarian coffee (half chocolate, half coffee), egg nog etc.

1. Quartered oranges, oatmeal porridge, toast - jam.

2. Half grapefruit, scrambled eggs, bacon or sausage, toast - honey.

3. Fruit juice (tomato, orange, grapefruit, etc.), pancakes (buttermilk, buckwheat, blueberry, etc.).

4. Mixed fruit cup (strawberries, bananas, blueberries, pineapple, etc.) Hot

muffins with butter and honey, syrup or jam.

5. Fruit juice, poached egg on toast OR boiled egg and toast.

6. Egg nog, cinnamon toast.

7. Applesauce, waffles - maple syrup, Sausages or ham.

8. Strawberries, french toast.

9. Sliced bananas and oranges, cheese and bacon omelet.

10. Ready-to-eat cereal with Sliced fruit, cheese wedges.

11. Juice, toast - jam, cheese wedges.

12. Fruit cup or salad - Hot baking powder biscuits honey or jam.

13. Fresh tomato wedges, bacon and eggs, Toast.

Sheep and wool commission proposed

The Alberta Agricultural

Products Marketing Council is contemplating the establishment of a Marketing Commission as proposed by the Alberta Sheep Council. It is considered essential that the producer reaction to the proposal be appraised. Consequently a questionnaire will be forwarded to known sheep and wool producers in Alberta, asking

their opinion.

If any producer does not receive the questionnaire in the mail, then he was probably not on the list. If this is the case then these producers are urged to contact their District Agriculturist. For those in the Sturgeon District, contact Wallace Klatt, District Agriculturist, at Morinville.

Kambouroff attends APA Convention

Rene Kambouroff attended the annual convention of Accredited Public Accountants held in Saskatoon Thursday through Saturday last week, when some 200 public accountants from across Canada were registered, along with over 50 guests.

The major item of business was a review of the

1971 tax reform legislation, and the convention was opposed to a number of clauses. They did not feel the tax benefits which would accrue to people at work sites, whose employer's paid their room and board, were justified.

The accountants also felt that there was an injustice inherent in the legislation, under which the figure named as "Poverty Line" is greater in setting the Family allowance benefits, than is the case when considering income tax exemptions for people in the lower income brackets.

The convention disagreed with the clause which would allow charitable deductions up to 20% of income to be tax exempt, on the grounds that the person who could spend 20 per cent of a year's income on charitable donations, could afford to pay the income tax.

The convention will be in Alberta, at Banff, in 1973 and in Ontario next year.

ALL ALBERTA SHEEP & WOOL PRODUCERS

With respect to the Proposed

ALBERTA SHEEP & WOOL COMMISSION

The Alberta Agricultural Products Marketing Council wishes to assess the extent of producer support for the proposal submitted by the Alberta Sheep Council to form an Alberta Sheep and Wool Commission. Letters containing a copy of the proposed plan and an explanation have been mailed to all known producers, and they have been asked to return a questionnaire indicating their support or non-support. Please ensure that your questionnaire has been mailed to reach Edmonton no later than October 8, 1971. If you have not received a letter, copies of the plan, the explanatory summary, and the questionnaire can be obtained from your local District Agriculturist or from the address below. Please mail all questionnaires to: The Secretary, Alberta Agricultural Products Marketing Council, Room 503, 9718 - 107 Street, Edmonton, Alberta.

Choir commences fourth year

St. Albert Singers began their fourth season on a positive note last Thursday. The group rehearses weekly in the lower hall of the United Church, beginning at 8:45 p.m.

Tentative arrangements have been made for the Singers

to present a program of Negro Spirituals, folk songs and show tunes at the Youville Home in October.

New voices are always welcome, and further inquiries may be made by calling Lillian Upright at 599-6997.

TRADE UP

MANAGERESS -- MRS. JEANNE ROUSE.

Ken Lesburg marries Doreen Vervynck

St. John the Baptist RC church in Morinville was the scene of a pretty afternoon wedding recently when Doreen Vervynck, only daughter of Mr. and Mrs. Ford Vervynck and Kenneth Lesburg, son of Mrs. Olive Vest of St. Albert and the late Georges Lesburg of Morinville, were united in a double ring ceremony performed by Rev. G. H. Primeau. The altar was decorated with bouquets of yellow and orange mums and fall foliage.

Given in marriage by her father, the bride chose a white crepe gown with chiffon overlay and lace trim. The A-line gown featured a mandarin collar, long puffed sleeves and a long cathedral train. Her long net veil with embroidered edges

had bouffant tiers at the shoulder line and was held by a lace cap with crystalline trim. She carried a nosegay of two tone carnations with satin streamers.

Attending the bride were Debbie Bokenfroh, Diana and Marjorie Vervynck and Stella Boissonnault. They wore identical lime green cloche gowns in crepe and chiffon with silver trim. Each carried a miniature nosegay.

The best man was Richard Lesburg, brother of the groom, Paul and Jerry Vervynck, brothers of the bride, and Robert Lepage were the other attendants. Carman Boissonnault was organist and soloists were Mr. and Mrs. Jack Hogue.

A reception and wedding banquet were held in the Morinville Recreation Centre, for some 275 guests,

MR. AND MRS. KEN LESBURG

Eugene Gibeau, uncle of the groom, was master of ceremonies. Philippe Poirier, uncle of the bride, proposed the toast to the bride.

For her daughter's wedding, Mrs. Vervynck chose an off-white embossed silk gown with silver thread design, silver accessories and pale yellow roses on corsage.

Mrs. Vest wore a turquoise blue dress with silver trim and matching accessories, complimented by a corsage of yellow roses.

For her honeymoon trip to the west coast the bride changed into a blue crepe hot pants suit.

Mr. and Mrs. Ken Lesburg will reside in Edmonton.

Eli LaBonte dies at 36

By Liz McLeod

Services were held on Sept. 11 at St. Albert Roman Catholic Church for Eli Angus Labonte, youngest child of Mr. and Mrs. Fred Labonte of Calahoo, who

passed away at the age of 36 while working in Ontario.

He leaves to mourn his wife Gail; two sons, Darcy and Darrell; one daughter, Laurel, all at home.

His parents, Mr. and Mrs. Fred Labonte, Calahoo, two brothers, Edward of Calahoo James of Spruce Grove; and five sisters, Mrs. R. (Alice) Callihoo, Villeneuve; Mrs. L. (Edith) Keller, Fort McMurray; Mrs. G. (Louise) Gallagher, Timmins, Ont.; Mrs. C. (Dolly) Scott, Vancouver, B.C., and Emily Labonte, Coquitlam, B.C.

Father C. Levangie conducted the prayers and Father J. Jolly performed the service.

The pallbearers were Frank and Andrew Patrick, Pete Turner, Roger Wilfred and Hector Bernabe. Interment followed in the church cemetery.

MOTO-SKI

MORRIS ROD WEEVER

KRAUSE, ALLIED LINES

As I See It

By Rose Martel

By Rose Martel
One sure way for municipalities to make money would be for every community to enforce existing noise bylaws.

Residents are plagued with an ever increasing level of noise. The ever increasing number of noisy cars, trucks, motor bikes and snowmobiles has to be stopped.

It is the duty of the local authorities to protect the citizens from these infractions against the rights of residents, who should be entitled to eight hours of peaceful sleep.

In summer, it is motor bikes; in winter we are plagued by the noise of snowmobiles gunning their motors. These people, who are otherwise quite responsible citizens, seem to have

no respect for the peace or sleep of the other people of the town.

Now, a new menace is being tolerated. One which should be stopped once and for all. This is the riding of bikes by children of all ages on sidewalks. In truth, the responsibilities rest on those who are responsible for the enforcement of provincial and local bylaws, and on the adult population who complain, but who do not demand action on this matter.

As I see it there is no better time than now to make your request for immediate action by local officials.

The streets were made for people to walk on, not to be used as a racing lane by youngsters. Licenses for bikes should be made compulsory in towns. Motor bikes and snowmobiles are subject to speed limits as well as cars. Then why are they not checked and enforced?

Morinville elects all candidates by acclamation

Art Stapleton was re-elected for another term as mayor on Sept. 15, when no other candidate filed nomination papers.

Also elected by acclamation were a full slate of town councillors and school board trustees. The newly elected boards and council include a number of newcomers to the local political scene.

Elected to town council are: Harvey Atkinson, a draftsman and resident of Morinville for two years; Tom Houle, local businessman; Leonard Gibeault, also a businessman and Garnet Wiley, a plumber.

Incumbents who were returned for a three year term are Ann Maslyk and Arthur Demers.

Elected by acclamation to the Thibault school board were Roger Blackburn, manager for Calgary Power; Alice Woytkiw, homemaker; and Yvonne Leduc, homemaker.

Incumbents returned are Matt Teller and Ann Kryskow.

Mayor Stapleton said that a plebiscite on the fluoridation of the town's water supply will be held on Wednesday, October 13, at the town office between 10 a.m. and 8 p.m.

All persons, 18 years of age and over, with one full year of residence in Morinville, as of election day, are eligible to vote.

All residents are urged to vote on this important question; details on the subject may be obtained from any member of the town council, Board of Trade member or at town office.

"Be informed and vote," says Mayor Stapleton.

TOWN OF MORINVILLE FLUORIDATION NOTICE

PUBLIC NOTICE is hereby given that there has been introduced in the council of the Town of Morinville a by-law providing for fluoridation of the water supply of the Town of Morinville and that a copy of the same may be seen at the office of the Secretary-Treasurer of the Town of Morinville and further that a plebiscite of the electors of the Town of Morinville will be taken on WEDNESDAY the 13th day of OCTOBER 1971 from ten o'clock in the forenoon until eight o'clock in the afternoon at the Town Office to determine if such electors approve of the fluoridation of the communal water supply, and if a majority of the electors voting on the plebiscite vote in favour of fluoridation, the by-law will be finally passed.

Legal High holds elections and Frosh

By Terry Keane

On Friday, September 10 elections for the Student's Union executive were held. The president, Jerry Krauskopf, and Gerald Letourneau, vice-president, had been elected last spring, so they were busy taking nominations.

Elected were: Cecile Van de Walle, secretary-treasurer; Bonnie Campbell, girls' social convener; Danny Prefontaine, boys' social convener; Sylvia Bloudeau, girls' sports rep; D'Arcy Brisson, boys' sports rep; Paulette Lagimodiere, photographer and reporter is Terry Keane.

To start the year off right, the student's union held its annual "Frosh" also on Friday, with 33 students dressing up for the occasion. The Kangaroo Court

justly (?) tried and convicted each and everyone of the inductees into the student's union.

Appropriate sentences were dealt out by the presiding judge, Jerry Krauskopf, assisted by his two partners Bonnie Campbell and Terry Keane. Sheriff Roland St. Onge completed the foursome of justice on the stage.

In spite of repeated screams and wallings of miscarriage of justice by Grade niners and other unfortunates, due to their contribution to deal out terrible punishments over a period of almost two hours.

However, the injustices of the court were all forgotten in the ensuing record-hop which brought the evening to an enjoyable close

Calahoo News

By Liz McLeod

Mrs. Wilfred Majewski enjoyed a visit with her sister in-law Lucienne Vader.

Louis and Pauline Painchaud, Robert and Diane, Evelyn Paquette and Omar Gratton were visitors also as were Frank and Theresa White and children, enjoying supper and visiting.

Loretta Loyer spent a week at home. George Loyer visited at Clara Loyer's.

Grandson Darryl spent a week in the city visiting before school started.

Denise Paquette had a wonderful time on her student exchange trip to Quebec where she stayed with Christiane Jette who in return came and stayed at Denise's home. Christiane lives close to Montreal. She liked Alberta very much and enjoyed living at Adair and Melina's for her short visit.

Adelard, Melina and Denise Paquette attended Florence St. Louis' wedding in Picardville on Sept. 4.

Sunday morning Melina's parents Mr. and Mrs. Joe St. Louis from Picardville surprised them with a visit.

Eugene and Dora Heffe from the west coast are visiting in this district and were dinner guests at Gordon and Emelia Schmermunds.

Katie Miller, Fred Bradshaw, Bernice McMullen, Kathy Patricia and Peggy and Lucienne Vader were all recent visitors at Emelia's.

Emelia, Barry and Liz took a drive to Devils Lake and visited with Margaret Kosh last Sunday. On the way home they popped in to Kippy and Kristine Storer's where they met Linda and Vicki and Russ Welker

Myles and Daphne Kerr went to Janet and Gordon Akerman's to join the rest of the family in celebrating Daphne's dad's and nephew Billy's birthdays.

Just recently Kerrs' had some good friends from the prairie, Mrs. Norman Stewart and Jean visit.

Brian and Doris Francis from Edmonton also visited this same day.

Joe Louis was a recent visitor to Joe Freitag's as were Hans and Marianne Lummer and boys.

Card of Thanks

We wish to express our most sincere thanks to our many relatives, neighbors and friends for their kindness during our recent bereavement in the loss of our husband and father, Edmond Vervynck of Morinville. Special thanks are extended to the Morinville Lions Club; Rev. Father Lucien Teller of Vimy; Mayor Art Stapleton of Morinville; Norman Chalfoux and members of the church choir for the beautiful hymns and the ladies who served lunch in the Morinville Centre after the funeral.

We also thank the pallbearers members of the guard of Honor.

The Vervynck Family.

United Church minister inducted

The Induction of Rev. Franklin Lough, B.A. as Minister in the Redwater Pastoral charge took place on Sunday, August 15 at 2:30 p.m. at Coronado. This was a service of great importance and significance to the four churches of Coronado, Redwater, Thorild and Abbee.

The Induction was under the direction of the Edmonton North Presbytery, with the Rev. R. McLaughlin, of Norwood United Church, the minister in charge of the service. The Rev. Dr. Eldred Miller, Namao United Church, delivered the charge to the congregation.

Rev. Carleton Miller, Barrhead United, made the formal induction of Rev. Lough into the ministry, and introduced Mrs. Lough.

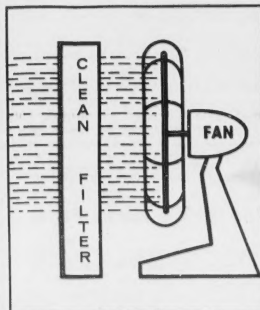

Visitors included the Rev. Judge of Westlock, Mr. S. Emmot, Sec. of Edmonton North Presbytery and Mrs. Emmot. Mrs. Carleton Miller and children accompanied Rev. Miller.

A lunch was served on the lawn by the Coronado ladies during the hospitality hour which followed the service.

Rev. and Mrs. Lough are now living at the manse in Redwater. Their telephone number is 735-3411.

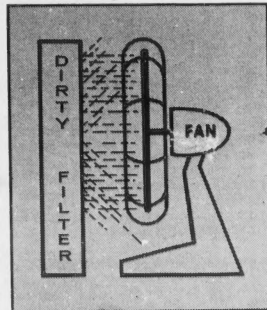

DIRTY FURNACE FILTERS WILL ROB YOUR HOME OF HEAT THIS WINTER!

These illustrations show the importance of keeping filters clean.

CLEAN FILTER

Clean furnace filters function correctly, allow the free passage of clean, warm air to heat your home. Your furnace works efficiently, you get the most from the natural gas you are burning.

DIRTY FILTER

Clogged furnace filters reduce the flow of warm air. The result: Loss of heat and possible overheating of the furnace, which could cause serious damage, and entail expensive repairs.

HERE IS YOUR SEVEN-POINT HEATING SYSTEM CHECK LIST

- MOST FILTERS** are of the disposable type. Remove them and you'll find that you can clean them by a good shaking; or use your vacuum cleaner. If they obviously need replacing you can obtain proper-sized filters at hardware or department stores or from your local heating contractor. Permanent-type filters (Metallic Filters) should be cleaned and re-oiled as required.
- AT LEAST TWICE A YEAR** your furnace filters should be checked and cleaned. This can be a "do-it-yourself" project for the average homeowner. If you prefer, call your heating contractor, plumber or furnace serviceman and arrange for a complete heating system check-over.
- FURNACE MOTOR AND FAN** bearings should be lubricated to the manufacturer's instructions.
- FURNACE VENTS** should be free of any blockage and checked for state of repair.
- REGISTERS** should be cleaned of dust and foreign objects.
- LOOSE-FITTING DOORS** and windows result in an overall loss of heat. Application of weather stripping will prevent this. But don't turn your house into a "sealed box". Some fresh air inlets are important to health and safety.
- FURNITURE** should be placed so that hot or cold air registers are not obstructed.
